INTRODUCTION

Cutting Edge Services was founded by the ever growing desire to bring affordable but professional landscape/ hardscape design to the Brazoria County & surrounding Houston area. We love our cities just like we know you do that is why we are dedicated to keeping it beautiful and efficient at the same time.

We have been in business for years now serving hundreds of clients with different types of jobs, from a simple lawn mow to hardscape redesign for their front and backyards. The thing that sets us apart from the rest is the dedication to our craft and the appreciation our clients have for us when we are upfront and transparent with our pricing.

Your vote of confidence means so much to us a company, that is why we strive to bringing you what you want.

“Serving the best, for the best”

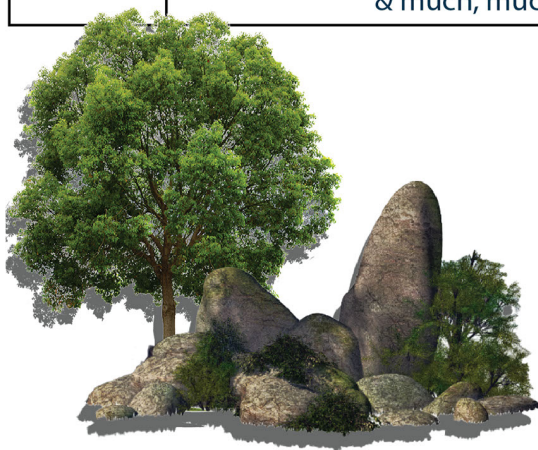

OUR SERVICES

Lorem Ipsum is simply dummy text of the printing and typesetting industry.

Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged.
